

Wake Up, עוררו ישינים
My People משנתכם
From Your Slumber

BS"D

Dear Klal Yisrael,

I am writing to implore you to become informed about, carefully investigate, and think critically about the current world situation, **for the sake of your family's safety and future.**

Perhaps the recent decision by the New York State Department of Education, which shocked so many of us, can be a wakeup call. **The same people who orchestrated that devastating attack on the foundation of Klal Yisrael, those all the way at the top, are the ones behind so much more that is happening in the world, and they have many more plans in store for us as well, Rachmana litzlan.**

So many of us have been in a bubble, barely aware of world events that are unfolding which pose grave danger to every single one of us. It is ironic that Klal Yisrael is so uninformed about these developments, because while every single human being on the planet is affected, **we are the biggest target of all - and most of us don't even know it.** It is **critical** that we wake up now.

We are living through a vicious attack against the Borei Olam. There is tremendous **spiritual** as well as **physical** danger, growing ever stronger and more present.

This should not come as such a surprise to Jews who are connected to their mesora and fulfill the Mitzva of remembering Amalek. *We know* that for thousands of years, Amalek *has been and will be* in a *perpetual battle with the Borei Olam, His values, and His people*, until the final geula.

We also say every Leil Seder "B'chol dor vador omdim aleinu l'chaloseinu." We can name many instances of terrible, murderous plots against our People's physical lives, and we have lost untold tens of millions of korbanos. Our history is also full of stories in which the battle was for our souls, to uproot our faith and rip us away from our Mesora.

Yet somehow the past decades of safety here have caused us to forget our entire history and the warnings of Chazal and be lulled into trusting, complacent slumber, sure that nobody in a position of power would ever want to harm us physically or spiritually - and surely, that there could be no organized plot to do so. Unfortunately, that is far from true, and today we are in the matzav of Purim and Chanuka combined - meaning that they seek to destroy us **both physically and spiritually.** There are very powerful forces who have **great evil planned - and they have been working seriously towards their goals since the end of World War II.**

While the whole world is in danger, we, the religious Jewish community, are the ones they hate most of all. We need **every one of us** to understand this and **join us in working to educate others**, and in **teshuvah and tefila**, so be'ezras Hashem we can try to turn the tide before it's chas veshalom too late.

It is an uphill battle, because a huge amount of propaganda has been unleashed on the public. Our enemies have caused us to become divided into different camps, in order to weaken our power to resist them.

For example, they call some of us conspiracy theorists – a term **meant to cause hate** and to **shut down any possible dialogue and critical evaluation of facts.**

As Yidden - renowned for our critical thinking - it's time for us to examine what that phrase really means.

"Conspiracy": The joint planning by multiple parties to commit a crime. Of course, this happens every day, and there have been millions of conspiracies over the last few thousand years, resulting in the deaths of billions of people. I would guess that Nimrod and his generation may have been the first global conspirators, when they planned the Tower of Babel.

Obviously, "*conspiracies*" are things that really happen. **The terms "conspiracy theory" and "conspiracy theorists", on the other hand, were coined by conspirators themselves to paint anyone who attempts to expose criminal planning as kooks, and thereby shield the plotters from publicity and proper investigations.**

As someone who has been immersed in this research for the past two years, and in close contact with Rabbonim here and in Eretz Yisrael and Europe, I can assure you that there is a conspiracy and that we are at great risk, and we desperately need to join ranks, and, most of all, daven and do teshuva. But all this can only happen when our tzibbur becomes INFORMED.

If you find some of the statements shocking, please know that everything is backed up by sources (see how to view source list at the end.) Please don't discard my statements out of hand. **Explore the sources.**

I will start by painting a broad picture of the evil, and then give names and details.

There is **no question to those who think critically and research thoroughly** that there is something **very, very disturbing going on. There are people, way high up in the power scheme, who want to destroy the very foundations of the world. When you realize this, all the strange things that we see happening around us fall into place like pieces of a puzzle.**

They have been planning this destruction and working towards these aims for many, many years.

They want to change **everything** about how we live.

They want to tear down the traditional family.

They don't want people married.

They don't want us having children.

These people don't like religion, family, or anything about how Hashem set up His creation.

They don't want people connected to G-d.

They just hate Him and think they can take His place and make better creations and do a better job running the world. Their hubris and hunger for power make them a menace to humanity.

Especially, as they decided that there are simply too many people in the world, and they've got to get that number down to "something the planet can sustain." They don't have any ethical problems killing off the elderly or disabled - or even the not-so-elderly or disabled - to accomplish this.

Who are "**they**"? They are the **United Nations (UN)**, with their branch called the **World Health Organization (WHO)**, their partners, the **World Economic Forum (WEF)**, and their associates, a small cluster of very evil, super-rich "elite" families and their foundations, such as the **Rockefeller Foundation**, the **Soros Foundation**, and the **Bill and Melinda Gates Foundation**. Between themselves, **they own almost all the corporations in the world**, in most any industry, including media, technology, food, and pharmaceuticals, through the parent investment companies Blackrock and Vanguard. For comparison, the power of their monopoly now is even greater than that of IG Farben, the previous name of the monopoly which was run by many of the same families before and during WWII. **IG Farben owned a vast network of corporations, brought Hitler yemach shemo to power through financial backing and positive publicity, and were the ones running the Nazi war machine behind the scenes (for example, IG Farben owned and operated Auschwitz and many other camps.)**

Their inner circle also includes the heads of many countries around the world, whom the WEF has groomed for these leadership positions over many years, and installed as their puppets to accomplish their aims. **The evidence of their evil plans is completely documented.**

They aim to establish a **one-world socialized government, with themselves in control, and turn the world into a digitalized police state**. They're also censoring and manipulating the news so well that many don't realize what's happening. But on the other hand, their plans and goals are available on the websites of the UN (under Agendas 2021 and 2030), and the WEF, if you look carefully past the window dressing and understand their code words, such as "sustainable development." More about this soon.

Here are some very clear examples of what is being done:

•Religion and Chinuch:

•In New York State, the religious Jewish community, an exemplary community with almost zero homicide and zero violent crime, almost zero homelessness, with a vast majority of kids growing up in households headed by two married parents, a community with exemplary community services, the safest neighborhoods in their respective cities, and great respect for law enforcement officials - was just **smearred with a vicious hatchet job in the New York Times**. It was a thinly veiled hate piece on religion, and a **prelude to having the government take control of what is taught in private religious schools** - a coordinated effort with the State, who **voted unanimously the next day for government oversight of curriculum in**

private religious schools. All under the guise of saving the children, of course.

That decision by the New York State Department of Education was one of the worst and most dangerous pieces of legislation ever passed. The Education Law is unprecedented in affecting religious autonomy in the United States.

Of course, that was the whole point.

The Marxist-leaning, transgender-pushing “education” in the schools and universities is an important facet of the long-standing plan to distance our children and ourselves ever further from knowledge of, and connection to our Creator, our source of life, and now they seek to chas veshalom make over the frum schools in that image. The plan to destroy us by poisoning the minds of the children is a global plan, and originates from very high up - from the UN organization UNESCO. In fact, without realizing it, we have been using the Common Core curriculum - which they designed - for years already.

•“Gender Education”, To’eiva, and Population Control:

All over the world, there is a coordinated push (originating with the UN) for teaching adult topics as young as kindergarten. In many places, laws are now being put in place mandating this “education”, whether parents want it or not. Of course, this will only serve to harm and distract children, loading them with information they are not possibly ready for and do not need.

It WILL, though, serve the purposes of those who conceived of the plan, which is to alienate parents and children from each other, confuse them about their genders and an ever-earlier age, making them more likely candidates for needing “gender reassignment”, and further lowering the rate of marriage and of procreation.

Through teaching of inappropriate topics in schools in twisted ways and at increasingly younger ages, and through evil manipulation of social media and public opinion, etc, they are convincing masses of girls to “identify” as boys and take puberty blockers and mutilate their bodies, so they’ll never be able to have children. And vice versa.

Causing the next generation to be unable to have children is the whole point. Those who attempt to speak out against this horror are silenced in various ways. The WHO, WEF, BMGF, Soros, and Rockefeller Foundations want to get as many people in the world as they can to turn “trans”.

It would be blindness to say that this will never seep into our community. Those who are aware know that tragically, these warped ideas have reached us and destroyed some of our children already. **Just in the last several days, there have been four separate shocking stories** - which I am aware of - involving these matters, in Modern Orthodox circles. It is not only Modern Orthodox, either. **A healthcare professional in Boro Park told me of a Chassidische child who “switched genders.”**

Do you know that 30 percent of seventh grade girls in the secular school system now are convinced that they’re “transgender”? The monsters who do the surgeries will gladly ruin these kids’ lives for them, and once they wake up it will be too late. This would have been considered the worst child abuse not long ago, fueled public outrage, and landed the perpetrators in jail for many years.

And now, somehow, those promoting this evil have silenced most opposition. Because they control the media and government.

Here is a prime example of how those in power politically are furthering their agenda through the law:

In California, bills were just passed which would:

- Punish doctors from voicing opinions contrary to the CDC narrative (AB2098.)
- Allow courts to take custody of children whose parents do not affirm gender reassignment healthcare (SB107.)
- Prohibit parents from seeing their own minor children’s medical records when related to certain services (SB1479)
- Change California medical privacy laws to allow healthcare providers to give medical information to school linked services coordinator (SB1184)
- Create school-based health centers on campus, including primary care, reproductive, immunizations, and mental health care. (AB1940)

Do you see how these laws would destroy the parent-child relationship (as is their goal), and pave the way for further indoctrination of children towards transgender - and more?

Imagine the following completely realistic scenarios under these new laws (I am only hinting at certain issues, for sensitivity purposes):

-Minor child is taught knowledge inappropriate for their age at school against parents' wishes, finds herself in an unexpected situation, has a medical procedure at school without parents' knowledge. Parents have no opportunity to offer emotional support or to intervene, because child has been conditioned to be wary of parental views and does not share what happened in her life with her parents. Child subsequently descends into depression and suicidal thoughts because of resulting confused feelings and alienation from parents.

-Minor child is taught to'eiva views, decides he is the opposite gender, and gets puberty blocking hormone medications at school clinic without parents' knowledge. Parents aren't allowed to view his medical records. Parents find out anyway, and become furious. Court then removes child from parents' custody.

-Minor child receives a covid vaccine at school, without parents' knowledge or approval. Child develops myocarditis and is found unresponsive but parent has no idea what to tell medical personnel because they never knew child got the shot.

If we in the NY community assume that we are safe from this for now, that is a mistake. A bill that was introduced in NY State in April allows ANY medical procedure without parental consent. It allows a minor of ANY age to consent to ANY surgery or drugs without the parents' knowledge! This is Bill A9963.

I mentioned that all this originates from the United Nations. Here is some information about the goals of the UN from its inception in 1946. This documentation was discovered by a British Rabbi I am contact with, in a thorough investigation he conducted last spring. He uncovered the UN goals of promoting to'eiva etc, in order to destroy the family unit and to distance people from G-d. This information was then presented by Rabbi Jonathan Rietti at several talks in the spring and summer. I will briefly quote parts of it. Much more (including recordings of Rabbi Rietti's talks) is in the source article which I will link at the end.

The United Nations (UN) was actually founded for the purpose of ripping people away from the worship of One G-d, as you will see below.

The UN organization UNESCO has been actively working for years to shape curriculums in schools worldwide to achieve their goals. The UN philosophy was actually shaped by the works of Alice Bailey (1880-1949), one of the founders of the "New Age Movement", and her 10-Point Plan of the New World Order, which she wrote in the 1940's. The stated purpose of her charter is to "redeem the nations from Judeo/Christian tradition." The people that Alice Bailey hated the most and most wanted to destroy, though, were the Orthodox Jews, as is seen in references she makes in her writings, "The Externalisation of the Hierarchy" and "Esoteric Healing". (B"H I did not go through those books myself, but I was given verbatim quotes.)

Digging a bit more deeply, it turns out that Alice Bailey was an occultist who believed in worship of Avoda Zara, and ***that is what her Ten Point Charter for the UN is meant to lead the world into.*** Her teachings are ***foundational*** to the UN, which has been actively shaping world policy, through its many branches and affiliated organizations, towards her stated goals.

Mrs. Bailey established the publishing company called "Lucifer Trust" which is now known as "Lucis Publishing Company", located at **866 United Nations Plaza #482, New York, NY**, and which published her works. ***Her mentor was Helena Blavatsky, who co-founded the Theosophical Society in 1875, and wrote "The Secret Doctrine" which espouses the theory of superior and inferior races, and was used by Hitler.*** (See Wikipedia for quotes - she *actually said*: "the inferior races...[are] now happily - owing to the wise adjustment of nature which ever works in that direction - fast dying out.")

I was reminded that I had indeed heard long ago that Hitler worshipped old-time paganism, but I hadn't quite known what that meant. I researched and indeed found confirmation of this, including the following e-book on Amazon (currently unavailable): "THE SECRET RELIGIOUS BELIEFS OF ADOLF HITLER – THE THULE SOCIETY, THE SATANIC CULT THEOSOPHISM IN GERMANY, ARIOSOPHY AND ORIGINS OF ARYAN SUPREMACY AND NATIONALIST FASCIST MOVEMENTS WORLD-WIDE".

These, then, are the horrifying origins of the United Nations, their "public health" branch the WHO, and their "educational branch", UNESCO. **This** is where they are trying to lead **us**.

Here is Alice Bailey's 10 Point Plan, copy-pasted. (I edited some words for tznius. In the first few points, I left in the explanations which I found provided. You can search yourself and find the same information.) ***You will notice that the situation that the world is in today was brought about by their design.***

1. TAKE G-D AND PRAYER OUT OF THE EDUCATION SYSTEM; She said: “Change curriculum to ensure that children are freed from the bondage of religious culture. Why? Because children go to school to be equipped to face life, they are willing to trust and they are willing to value what is being given to them.” “If you take G-d out of education, they will unconsciously form a resolve that G-d is not necessary to face life. They will focus on those things the school counts them worthy to be passed on and they will look at G-d as an additional, if one can afford the additional.”

2. REDUCE PARENTAL AUTHORITY OVER THE CHILDREN: She said: “Break the communication between parent and child.” Why? So that parents do not pass on their religious traditions to their children, liberate children from the bondage of their parent traditions. How? a) Promote excessive child rights; (1997-1998 South Africa introduced Child rights legislation – UNICEF Charter; Today a child is able to say to parent ‘I do not want to hear that, I don’t want to do what you are telling me. Teachers cannot talk to children, children step up and say “I have my rights, you cannot talk to me like that.”)

3. DESTROY THE TRADITIONAL RELIGIOUS FAMILY STRUCTURE: She said: “It is oppressive and that the family is the core of the nation. If you break the family, you break the nation. Liberate the people from the confines of this structure.” How did she propose to destroy the traditional religious family structure? By promoting pritzus.

4. IF PRITZUS IS FREE, THEN MAKE ABORTION LEGAL AND MAKE IT EASY: She said: “Build clinics for abortion – health clinics in schools. If people are going to enjoy pritzus, they need to be free of unnecessary fears, in other words they should not be hampered with unwanted pregnancies.” ‘Abortion as told by religion is oppressive and denies our rights, we have a right to choose whether we want to have a child or not. If a woman does not want the pregnancy, she should have the freedom to get rid of that pregnancy as painlessly and as easily as possible’.

5. Make divorce easy and legal, and free people from the concept of marriage.

6. Make to'eiva an alternative lifestyle.

7. Debase art, music and drama and make it run mad and corrupt.

8. Use media to promote and change the mindset of men.

9. Create an interfaith movement.

10. Get governments to make all these laws and get the Church to endorse these changes. (End quote.)

*Here is information on the goals of **eugenics** and world control, put together by Dr. Robert Malone MD. (**Eugenics involves murder and sterilization.**)*

“Julian Huxley founded the United Nations body called UNESCO (abbreviated for the United Nations Education, Science and Cultural Organization) in 1946, and he was the first Director General from 1946-1948.

“The mandate for the new organization was laid out in Huxley’s 1946 UNESCO charter: [UNESCO: Its Purpose and Its Philosophy](#):

“The moral for UNESCO is clear. The task laid upon it of promoting peace and security can never be wholly realised through the means assigned to it- education, science and culture. It must envisage some form of world political unity, whether through a **single world government** or otherwise, as the only certain means of avoiding war... in its educational programme **it can stress the ultimate need for a world political unity and familiarize all peoples with the implications of the transfer of full sovereignty from separate nations to a world organization.**” The original charter of UNESCO specifically calls for a **single world government** to create peace and security. The charter then goes on to discuss the **importance of population control.**

“UNESCO, a United Nations NGO, was writing about the new world order in 1946.

“But going deeper into the history of [Julian Sorrel Huxley](#) (1887-1975), it turns out he was also a devout life-long member of the British Eugenics Society, and served with John Maynard Keynes as secretary and later as its president. The term “transhumanism” was coined by Julian Huxley. He wrote:

"I believe in transhumanism: once there are enough people who can truly say that, the human species will be on the threshold of a new kind of existence, as different from ours as ours is from that of Peking man. It will at last be consciously fulfilling its real destiny." Julian Huxley

Julian's brother Aldous wrote a book called "Brave New World", published in 1932. "Largely set in a futuristic World State, inhabited by genetically modified citizens and an intelligence-based social hierarchy, the novel anticipates huge scientific advancements in reproductive technology, sleep-learning, psychological manipulation and classical conditioning that are combined to make a dystopian society."

"The Huxley brothers were also the grandsons of the prominent biologist [Thomas Henry Huxley](#) Thomas Huxley was part of the original eugenics movement in England, and was commonly known as "*Darwin's bulldog*." Aldous Huxleys' father was the biographer Leonard Huxley, whose writings include books about Darwin, his father (Thomas Huxley) and the eugenics movement.

"So when Aldous Huxley wrote his dystopian science fiction novels ... it wasn't just based on fantasy, it was not just science fiction or a wild guess. **His writings and works reflected a detailed understanding of the views and research being conducted by his family and by the intellectuals of the time.** His works are a warning, he knew what was and is coming. These ideas from the scientists and leaders of the past have formed the backbone of many current policies. These policies include a one world government, population control, inverted totalitarianism, propaganda, command economy and collectivism. It is all there. The world is following the exact path that Aldous Huxley warned us about."

•Legalizing Murder:

In Canada, hundreds of people are being euthanized (killed by physicians) under a recent law permitting it. The government unabashedly commissioned a report in 2017 which states that lots of money will be saved by killing people earlier than their disease would kill them. Now people are also getting killed who aren't really sick, but just too poor to afford their healthcare bills. ***New Jersey is currently enacting a similar physician-assisted suicide law, and almost nobody knows or cares enough to fight it. These laws put us all in grave danger.***

•"Climate Change" and "Zero Carbon" as a mask for Eugenics, Control, and Reshaping of Society:

In Europe, farmers are being made to kill their herds "to save the environment", as the animals' burps are claimed to be bad for the planet. Try thinking about how little sense that makes.

The craziness is *not* something that doesn't affect us and that we can safely ignore, as many have mistakenly assumed. Rather, it poses one of the greatest possible dangers to humanity at this moment.

The false, evil "theories" are being ***used as an excuse to create food and energy shortages and will be used as a pretext to control our lives, including removing our ability to own vehicles, and ultimately, chas veshalom, to legalize murder.***

What is the true background behind their "global warming" claims? See this Corbett Report from 2009. This piece could be from today, it's still so current:

"The terrible injustice of our age has its roots in a most unlikely place: in the quaint villages and manicured gardens of the 19th century British gentry. Amongst that set lived one Francis Galton, a gentleman scientist who had investigated everything from meteorology to statistics. Shortly after his cousin, Charles Darwin, published his Origin of Species, Galton became fascinated with the idea that the "survival of the fittest" did not just take place between species, but within them. This idea became a pseudo-science, a study of the presumed racial characteristics of this group or that group with an aim to explaining why the various peoples of the world occupy the positions they do.

"In order to confirm their pre-conceived notions of their own self-worth, Galton and his friends started a new field of inquiry called [eugenics](#). Unsurprisingly, it concluded that the rich and powerful were rich and powerful because they were genetically superior, and it offered a simple solution for improving the lot of humanity: make sure that the affluent upper classes breed as much as possible (preferably [within their own families](#), in order to preserve their superior stock), and make sure the lower classes breed as little as possible.

"This junk science, pandering as it did to the most rabid, the most racist, the most elitist interests of the moneyed class, became universally accepted in the Western world within a generation. Soon, country after country had [implemented laws](#) to allow the government to sterilize those citizens it deemed to be "unfit."

“The true horrors of this strain of thought came to light when the German eugenicists, based at the [Rockefeller-funded Kaiser Wilhelm Institute](#), gave the Nazi regime an ideological excuse to take the idea to its logical conclusion.

“After World War II, when the full magnitude of the slaughter that had taken place in the name of eugenics began to become apparent, the eugenicist pseudoscientists scrambled to find a way to re-legitimize their racist and classist drive. They wrote openly in the journals of their once-esteemed eugenics societies that they would now have to continue their studies and practices in a more covert fashion. Eugenics had to become [crypto-eugenics](#).

“This was accomplished in a number of ways. The British Eugenics Society, for one, merely changed its name to The Galton Institute. The American Eugenics Society morphed into the Population Council, a group set up by John D. Rockefeller III, where members continued to advocate the same policies for reducing the population of third world countries as they always had, only now they did so in the name of fighting “overpopulation” rather than fighting “bad genes.”

“Julian Huxley, brother of the famous writer, helped organize UNESCO in 1945. In the founding document of UNESCO entitled [UNESCO: its philosophy and its purpose](#), he argues that one of the key aims of the United Nations Educational, Scientific and Cultural Organization would be the re-legitimization of eugenics so the idea would once again become thinkable. He also went on to [co-found the World Wildlife Fund](#) with Nazi SS officer Prince Bernhard of the Netherlands.

“Within a generation, science was once again ready to tell us why the only way to save humanity was to stop people from breeding: this time, the public was whipped into a furor not about Jews and Gypsies, but about carbon dioxide and environmental sustainability. The cover had changed, but the racist eugenicist text remained the same.

“In the logic of the eugenicists, the meaning of human life is itself transformed. Instead of something valuable, something precious, something to be desired and nurtured, fought for and celebrated, humanity is [re-imagined as a cancer](#), something [inherently evil](#), the mere existence of which is a burden on the world. This, unsurprisingly, encapsulates the modern environmental movement's position almost perfectly: human life is no longer something to be treasured, but something to be [measured in carbon and then reduced](#).

“In the manmade global warming myth, humans are merely an obstacle to the proper functioning of nature. In the eugenicist fantasy, **the earth is saved when people die**. In both ideologies (if they really are separate) the ultimate genocide becomes thinkable.

“Now the “leaders of the world” are meeting in Copenhagen to decide on the future of your world, of my world, of the world of our children and grandchildren. They are proposing a [reorganization of the world economy](#). Punishing austerity is being urged in all corners. Groups of population control eugenicists are [now arguing](#) for carbon offsets to be used to stop the developing world from having children. The choir of madness is growing by the day and everything seems set to reach an intolerable crescendo.”

Remember, that was written in 2009. Their plans have only progressed much further since then.

Meanwhile, now, shortages are purposely being created in our meat and poultry supply chain, and in other food supply chains as well. At the same time, around the world, manufacturing arrangements and propaganda are being put in place by the elites for people to start **replacing meat with bugs and with lab-grown meat as a staple source of protein.**

•Digital ID, Tracking, and Governmental Control:

Do you know that currently in China, people need to have digital IDs by which the government monitors the citizens - and therefore controls their behavior - by means of their social credit score and face recognition technology?

For example, if you go to gatherings or say things the government doesn't like, your social credit score drops, and you can't get on the train to get home from work. (This was personally related to us last November by a Chinese woman who had recently visited her country.) The face recognition technology knows who you are. Big Brother is watching, always.

According to accounts I've read, people also have to take a covid test every day, no matter what, rain or shine. If someone misses a day, their digital ID will turn from green to red, and they aren't allowed to go to work, may be locked out of their apartment building, and may be arrested.

The government even used the system to steal money from many people. When they tried approaching the bank to make an ATM withdrawal, their digital IDs turned red, and they were turned away. They had already been locked out of their accounts

for months at the time I read the story.

If you think it's limited to China and people here would never allow this intrusion on their privacy and freedom, it isn't so. Good Morning America just featured a story about a "chips and salsa party" - an American company who is about to host an event at which they'll implant microchips into the hands of their employees "for convenience". All on a voluntary basis, of course. That's how it starts off.

Introducing electronics into our bodies is being normalized. Do you find this disturbing?

Are you aware that the World Economic Forum has much bigger plans in this arena, for something called transhumanism, a hybrid of person and technology, which they think will be a great improvement over G-d's creation?

The top advisor to Klaus Schwab, the head of the WEF, Yuval Noah Harari, openly states that we will lose our privacy and free will, that they will know all our thoughts, that we will constantly be monitored with an electronic sensor under our skin.

This isn't a conspiracy theory. It's a fact which you can see on their videos.

If you still aren't sure, please see Biden's speech last we week, in which he issued a massive new executive order that addresses perhaps every agency in the U.S. government, titled "Executive Order on Advancing Biotechnology and Biomanufacturing Innovation for a Sustainable, Safe, and Secure American Bioeconomy."

As an aside, why are these new regulations are in the form of an Executive Order? It's because in this manner, Biden bypassed the legislative branch - the Senate and the House of Representatives - where the issues would be debated, and where the voices of the people could be heard.

The executive order sets as a policy goal of the Biden Administration the massive increase of investment in bioengineering and manufacturing, because the "COVID-19 pandemic has demonstrated the vital role of biotechnology and biomanufacturing in developing and producing life-saving diagnostics, therapeutics, and vaccines that protect Americans and the world."

Biden says, in other words, that the government has a **critical need**; a need to re-program people like robots. Here is what his Executive Order states:

"We need to develop genetic engineering technologies and techniques to be able to write circuitry for cells and predictably program biology in the same way in which we write software and program computers."

"To be able to write circuitry for cells." Do they think they are G-d?!?! Apparently they do.

"Predictably program biology." Who is the biology? We are!

Biden thinks he's going to rewrite our circuitry, to make us predictable, like a computer program.

But it's not even him, really. I think we all know he couldn't have come up with this speech or these ideas. He's a puppet in the hands of others. Others who have planned world control for a long time.

Digitizing humanity - **creating brain-technology interfaces and having our minds all wired into the internet** - is a major goal of the elites, and they are in the process of normalizing it now. They also call it "**human augmentation**." If you still have trouble believing it, you can research with the key words "Cyborg", "DoD", "human augmentation", and "Human/Machine Enhancement". Try the DARPA website.

•Unprecedented Censorship:

Simple, effective, safe, lifesaving treatments for covid - medications which had a safety record decades long, and are over-the-counter in many countries - have been systematically suppressed in a smoothly coordinated effort by the World Health Organization and by governments, media, and social media worldwide. This censorship was of a nature never seen before, and directly resulted in the unnecessary loss of millions of lives.

The governments have also paid billions of dollars to buy our opinions, in many different ways. They, with their WEF-aligned partners, control the media and social media, so they control the ads, and the content that's "allowed" in articles and in social media posts. They have the mainstream media as their mouthpiece.

Those running this program even employ the "fact-checkers" that you turn to when you want to check who's telling the truth. That's why google won't be the best place for you to research the truth. Google is their baby, with **algorithms programmed so you find what they want you to find and see only what they desire you to see.**

During covid, the government also partnered with trusted community health organizations, such as local clinics, giving them large grants (in the millions) to promote the government viewpoint. “Trusted Voices” was a major component of their plan. So if you thought your doctor or trusted community leader was giving you their own opinion, that’s probably not so. Their own view was almost certainly shaped, directly or indirectly, by paid government propaganda - more than likely, even without their knowledge.

The government also worked to turn us against each other, polarizing the public and instilling hate against “anti-vaxxers.” But what is an anti-vaxxer, really? Anyone whose critical thinking leads them to question even a tiny part of the narrative. The current online Merriam Webster definition makes it quite clear that an “anti-vaxxer” is anyone who so much as questions ANY vaccine, or even just any vaccine mandate, even if they accept all the others. Strangely, much of humanity would actually fall into the dictionary definition of an anti-vaxxer.

Doctors, scientists, and other professionals who may know or suspect that something is “off” know they’ll get in trouble quickly if they voice the “wrong” opinions - whether on covid, on transgender, or on climate change. ***This is all happening on an unprecedented scale worldwide.*** For example, it was ***recently discovered that the government was illegally collaborating with Twitter to deplatform scientists*** who warned about problems associated with the covid shots.

This censorship ***continues to kill***, because if people injured by the covid shots are deprived of understanding what is making them sick, they certainly have no chance of accessing proper care. Additionally, ***those who have been vaccinated are at risk of future cardiac events, etc, and should be taking a preventative protocol - but the government is certainly not telling anyone that critical information.***

Data from around the world, for anyone who actually cares to investigate, shows an alarming, unprecedented increase in death among young people, cardiac problems, strokes, cancers, disability, miscarriages, and stillbirths - all since the covid shot rollout. In addition, the birthrate has dropped significantly and inexplicably in many locations worldwide- corresponding exactly to the dates of the vax rollout to the younger population. And still, almost all the governments remain silent and do not do investigations or warn their citizens.

*This is **not** to say that your local doctors encouraged the shots with evil intentions. They aren’t researchers. They simply followed the CDC, FDA, and AMA, as they had always been trained to do.*

Make no mistake, the censorship and propaganda are ***not*** only around covid. They are being orchestrated worldwide around every narrative of interest to those in power. For example, in Britain, people are being arrested simply for voicing disapproval of the new “king”, who is a passionate member of the WEF and launched the Great Reset - which is set to put many businesses into extinction and families into poverty and despair.

•“Public Health” is Being Used as a Weapon of Control by the WHO and Governments Worldwide:

Here are several examples out of many:

-New York Governor Kathy Hochul enacted a regulation earlier this year under which anyone so much as suspected as being a “danger to public health” could be detained indefinitely. That’s correct - the government did ***not need to prove the person was indeed contagious*** or the like, the person was to be given ***no due process***, no chance to take a test and prove they’re “safe” - and they ***could be detained either at home or at a location of the government’s choosing, for example, a quarantine camp - for as long as the government wanted.***

Attorney Bobbie Anne Cox courageously fought this insane regulation and won - Baruch Hashem, it was correctly deemed unconstitutional - but unbelievably, ***Ms. Hochul vowed to appeal the judge’s ruling!***

-In New York City, despite most people realizing by this point that the vaccines aren’t working as promised and have harmed many, despite covid being treatable, and largely over - still, covid vaccines are required for EVERY EMPLOYEE OR BUSINESS OWNER IN THE CITY. Therefore, many people are out of a job and struggling desperately - and many critical fields, such a healthcare, education, and the fire department, are short staffed.

-The WHO - which is a part of the equally evil United Nations - is making plans to consolidate their control over the world under the guise of public health. They are attempting to take sovereignty away from individual countries by appointing themselves as the ones who will set health policies (and thus, so much more, as we saw with covid lockdowns...) worldwide. They are working to make this legally binding. (The head of the World Health Organization is not a doctor. He is a former member of an Ethiopian terrorist organization.)

To understand more about the WHO and their partner and financier, the Bill and Melinda Gates Foundation, consider the following information: In Africa, hundreds of children die daily from lack of food and clean drinking water, as well lack of very basic medical equipment, (such as an oxygen valve for a preterm baby.) Yet, Bill Gates “do-gooder” organization, which is supposedly very busy with their “philanthropic work” there, cannot be bothered with these basic needs, and instead focuses on vaccines - for diseases that barely impact those children. They also insist that the governments divert their own healthcare spending away from more important healthcare needs, to the vaccines they sell. This tragic story is covered in detail in the book “The Real Anthony Fauci.” **None of this is a surprise**, because their goal is their own power and profit - and **population reduction, not increase in health.**

This is the same United Nations and their subsidiary, the World Health Organization, who are now attempting to gain rulership of the entire world.

We need to unite to call for the disbanding of the UN and the WHO, who cause only harm and death.

The power of these elites appears immense. The World Economic Forum (which works hand in hand with the WHO) has been training leaders for many years, and their graduates are installed in key government positions worldwide. The WEF are the world’s most wealthy and powerful people, who have control of the narrative by means of controlling media and politics, and accomplish whatever they want to.

In reality, however, there are relatively very few people running this at the top, and the vast majority of humanity does not agree with their goals. Most people have simply been conditioned to follow. If only we would all join forces against those who wish to harm us, their game would be over.

What is the ultimate goal of the United Nations/World Health Organization and their partners at the World Economic Forum?

A One-World socialist government, with themselves in charge - a Nimrod-like control of everyone, a small world population, with no belief, chas veshalom, in Hashem.

By the way, they don’t believe in private property ownership, and they don’t want us driving our vehicles anymore. That’ll be phased out. Bad for the environment, you know.

They’ve gotten very far down the path towards their goals already, much farther than you probably realize. Everything you see happening around you, such as rising gasoline and food prices, are things they’ve manipulated towards their aims.

How did we get into this situation, where humanity teeters on a precipice?

It started with influential people starting popular movements promoting the forsaking of our Creator in the name of “progress” and enlightenment - for their own evil designs.

It continued with those who promoted other ideas which served to further erode the fabric of society, ideas which had been completely socially unacceptable until that point. This was all planned out.

The destruction gained a foothold when people had a willingness to bend the truth to appear politically correct or to not make waves or lose money or friends. This lack of backbone was a terrible mistake.

Look how it has spiraled out of control in society, to the point where truth is no longer even a respected value to many.

Can you start seeing that there is something very wrong?

What mess will we be leaving the next generation with?

Not only that. What will we and our families be facing, chas veshalom, over the next few years? The evil elites aren’t finished. They have a lot more in the works that they’re planning to “normalize” soon, things that would terrify you.

Did you notice that the New York Times recently ran an article about cannibalism “having a time and place”?

Do you realize now that all of us need to act before it’s too late, chas veshalom?

Don’t despair. Remember, we have Hashem on our side, and we have numbers, too. If a critical mass will just WAKE UP to the malevolent intentions of the evil power-hungry elites, and stop following their orders, G-d willing, we would be victorious.

Hashem loves each human being more than a parent loves a child. He wants us to know Him, because connection to Him sustains us. He is involved in every aspect of our lives. He wants our benefit.

The power-maniac elites want to rip the world's population ever further away from Him, our life source, so they can control us ever more. ***Our connection to Him poses a direct threat to our following their orders.***

I hope that you now understand my plea to you - that we'd all be better off on the same side, defending Klal Yisrael and humanity against some very evil, sick people who really want to hurt us.

We NEED you.

These are issues that impact and should concern everyone, everywhere - whether you realize it already, or not.

You might say that you are just a small person, a nobody, that you have no ability to do anything, and this isn't a job for you. I have news for you. I am no different than you, except that I felt I could not stand silently by. I decided I had to do something. I started with some small things, and Hashem has helped me do more.

You cannot wait for "yemem" to take the achrayus. You can't say "Isn't there some organization taking care of this?" Actually, no, there isn't. It's up to every one of us. Just like Rabbi Michael Ber Weissmandl, Mike Tress, and Recha Shternbuch realized what they had to do to save Klal Yisrael and acted. They did not wait for someone else to act.

Please take action! Help to wake up Klal Yisrael to daven, to do Teshuva, and to resist the evil.

Please tell your friends, and ask them to tell others. We need to arouse our nation and the rest of humanity. Remember, while the wicked ones want us to think that they are in control, they're only a tiny minority. Their power is really no more than that of a paper tiger. It's an illusion. ***We just have to know the truth, be firmly on the side of the Borei Olam, daven and hope to Him alone, and courageously stand up to the evil together.***

There is no question that Hashem will destroy the reshaim, as He destroyed the builders of Migdal Bavel. Meanwhile, we MUST do our part, as Hashem REQUIRES OF US. What is our part? Tefila, Teshuva, and Tzedaka, and strengthening in Emuna and Bitachon. ***And standing publicly for Kevod Shamayim against the enemies of Hashem.***

As Yirmiyohu HaNavi said to Klal Yisrael, as they were going into Gulus in tears: "If you had cried ONCE, before the Churban, you wouldn't have had to cry all these many tears now."

Hashem is giving us the opportunity to show whose side we are on. Please join the fight for the future of Klal Yisrael and of the world.

ACTIONS YOU CAN DO Be'ezras Hashem:

- 1) Educate others - the power of public opinion is huge, and even more importantly, **people will only daven to be saved if they are aware that there is a danger.**
- 2) Daven and encourage others to daven; create Tehillim groups and Tefilla gatherings, arrange a Yom Tefilla. Hashem is the only One Who can save us from the clutches of the evil.
- 3) Do teshuva and beg for the ge'ula shlaima. We are at this moment in a very auspicious time, as Chazal tell us "B'sof Shmitta Ben Dovid Ba." Surely Hashem is waiting for us to beseech Him with all our hearts to bring us home.
- 4) Do **not** vote for the liberal, anti-Hashem, pro-to'eiva candidates, no matter what sweet words they speak or what promises of funding they offer.
- 5) Resist completely every regulation that increases government control over our lives - whether in terms of chinuch, digital ID, testing for disease, or whatever they come up with next. Recognize that it is just one more almost imperceptible, incremental step towards the Gehenom they have planned.
- 6) You will think of more ideas if you ask Hashem for help and you try to see what you can do to help save the Klal.

B'virchas kesiva vechasima tova. Our nation has already suffered so much. May HaKadosh Baruch Hu see our broken hearts and answer our tefillos with a complete salvation and the final ge'ula.
