

WHY NOT GET THE C-19 SHOT? UPDATED JULY '22

- 1) The **POSSIBILITY OF SEVERE ALLERGIC REACTION, ANAPHYLAXIS, AND IMMEDIATE DEATH**, due to the PEG (polyethylene glycol) in the LIPID NANOPARTICLE in the injection.
<https://pubmed.ncbi.nlm.nih.gov/27196817/> <https://aacijournal.biomedcentral.com/articles/10.1186/s13223-016-0172-7>
- 2) The **SPIKE PROTEIN** that the injection induces the body to produce causes **heart damage, inflames lung tissue, and causes vascular issues such as stroke and blood clots**. Research shows that it is the *spike protein itself that is the problem in coronavirus – and now we are programming people's bodies to make it in THE TRILLIONS*. See <https://medicalxpress.com/news/2021-04-sars-cov-spike-protein-lung.html>
<https://medicalxpress.com/news/2021-04-coronavirus-spike-protein-additional-key.html>
https://www.ahajournals.org/doi/10.1161/circ.144.suppl_1.10712
<https://jamanetwork.com/journals/jama/fullarticle/2788346>. While it was previously claimed that the spike protein remained at the injection site, it has now been proven that the dangerous proteins in fact are being produced by, and are circulating throughout, the entire body of the vaccinated individual.
- 3) **MICROCLOTS and CLOTS: STUDY SHOWS THAT A MAJORITY OF VACCINATED PEOPLE HAVE TINY BLOOD CLOTS throughout their bodies**. The microclots cause some people to be unable to tolerate their previous activity level, and cause slow, silent damage to blood vessels and organs, which would lead to heart failure and death, G-d forbid, within a few years, according to Dr. Charles Hoffe. The microclots are too small to show up on scans, but are seen on D-dimer blood tests and on blood smears viewed under a microscope. See Dr. Hoffe at <https://rumble.com/vjini9-dr-charles-hoffe-and-kevin-street.html>. **Larger clots, often with devastating consequences, are now a widely reported adverse effect of the vaccine.** <https://www.mdpi.com/2076-393X/10/5/799/htm> Coroners are also reporting finding large, unusual clots in the veins and arteries of deceased vaccinated people. <https://citizens.news/628915.html>, <https://stevekirsch.substack.com/p/i-offered-to-share-embalmer-videos> and <https://jessicar.substack.com/p/lets-tag-team-this-until-everybody>. (Please contact us for ideas for preventative treatment for those who are already injected.)
- 4) **RUINING OUR IMMUNE SYSTEM:** The massive quantity of highly specific antibodies, which the body is induced by the injection to make against a single protein of a single variant of coronavirus, crowd out and dominate our natural antibodies that are NOT specific and can fight ANY pathogens. *Thus, we are immobilizing our immune system's response to other strains of the virus, and to other viruses and diseases.* <https://www.geertvandenbossche.org/> and <https://youtu.be/ZJZxiNxYLpc>. Geert Vanden Bossche, top vaccine developer, warned about this last year, and it has now become obvious, as vaccinated individuals are seen to be contracting covid and other viruses at a higher rate, and faring worse than unvaccinated. See <https://stevekirsch.substack.com/p/uh-oh-risk-benefit-of-the-vaccines>
- 5) **GRAVE HARM TO PREGNANCY AND TO BOTH FEMALE AND MALE FERTILITY:** A greatly increased rate of miscarriage is being observed among vaccinated mothers, and the stillbirth and neonatal death rates have risen significantly. See <https://etana.substack.com/p/vaccinated-women> and <https://dailyclout.io/3816-babies-died-after-their-mothers-were-vaccinated-report/>. The birth rate in various locales is down since the vaccine rollout on a scale that is impossible to happen by chance. See <https://truth613.substack.com/p/Hashem-yeracheim-may-G-d-have-mercy>. What is the cause of these adverse effects? The clotting mechanism of the shot is part of the problem, and blood clots are often found in the placenta of babies who died in utero after maternal vaccination. The heavy and ongoing bleeding many women experience after vaccination points to inflammation of the ovaries, which is a logical effect of the lipid nanoparticles that are known to settle there, and the large quantities of spike protein which the ovarian cells are then producing. Another mechanism for harm to fertility is the *antibodies* that the body produces *against* the spike protein, which are highly likely to also attack the body's reproductive cells (egg, sperm, and placenta) in a process called molecular mimicry, since the two proteins are extremely similar. *There are crucial differences between the antibodies from natural infection and the injection-induced antibodies, ONE of which is the fact that the natural ones do not remain in circulation for long, but go into hiding in the bone marrow, while the injection-induced ones ARE circulating long-term, in response to the spike proteins that the body's cells keep on churning out.* **A new study from Israel shows that one in five males appear to have been permanently sterilized by the covid shots.** See <https://truth613.substack.com/p/brand-new-male-fertility-information>

6) **THE BODY ATTACKING ITSELF:** The function of the antibodies are to destroy the pathogen, which in this case, is the spike protein. But even as the antibodies attack the spike proteins, the body's cells, **which have been genetically modified by the injection, are continuing to produce more spike proteins.** When the antibodies are unable to completely rid the body of spike proteins, **the immune system will call up killer cells to kill the cells that are producing the spike proteins.** This is because, in a well-functioning immune system, the body is programmed to destroy any cells that are not natural to the body, as a protection against cancer. **Since EVERY cell in the person's body has the ability to produce the spike protein, this can be DEADLY.** The body can begin attacking its own cells. This can happen to every single cell, for example, ovarian, testicular, lung, heart, liver, epithelial (blood vessel lining), kidney, brain, eye, etc. causing destruction of fertility, blindness, autoimmune diseases such as Guillain Barre Syndrome, **organ failure, and other devastating results.** **THIS CAN BE a SHORT TERM or a LONG-TERM EFFECT, and IS ALREADY BEING REPORTED IN LARGE NUMBERS OF VACCINATED INDIVIDUALS.** In fact, this may be the mechanism for some of the **myocarditis which is occurring in high rates** after the shots. See <https://stevekirsch.substack.com/p/pandas-marc-girardot-on-how-the-covid> and <https://stevekirsch.substack.com/p/a-37-rate-of-myocarditis-in-our-latest>.

7) **THE LIPID NANOPARTICLES, WHICH HAVE BEEN PROVEN TO CONTAIN HIGHLY TOXIC AND HIGHLY CARCINOGENIC SUBSTANCES,** have been found to settle in high concentrations in the ovaries, testes, spleen, and bone marrow, raising grave concerns about **reproductive damage, leukemia, and other cancers.** **CANCER CASES HAVE EXPLODED SINCE THE VACCINE ROLLOUT.** See <https://viralimmunologist.substack.com/p/a-moratorium-on-mrna-vaccines-is>, <https://thevaccinereaction.org/2022/05/the-explosion-of-cancer-and-latent-disease-after-covid-vaccination/> and <https://pierrekory.substack.com/p/nursing-reports-from-the-front-lines> The Pfizer study showing where the LNPs concentrate is available inside this article: <https://davidicke.com/2022/05/08/lipid-nanoparticles-a-key-component-of-covid-vaccines-stick-to-your-organs-found-pfizers-own-study/>. Excerpt at: tinyurl.com/LNPbiodistributionStudy. Also see: <https://pubmed.ncbi.nlm.nih.gov/34841223/> and <https://www.sciencedirect.com/science/article/abs/pii/S0168365912000892>.

8) **THE mRNA CARRIES A GREAT RISK FOR FATAL DEGENERATIVE DISEASES, AND THE DISEASES ARE ALREADY HAPPENING.** See research article titled "Covid-19 RNA Based Vaccines and the Risk of Prion Disease" by J. Bart Classen, MD, immunologist, published in Microbiology and Infectious Diseases (PDF available upon request), and see <https://childrenshealthdefense.org/defender/scientist-warning-covid-vaccines-parkinson-neurodegenerative-disorders/>, <https://childrenshealthdefense.org/defender/exclusive-son-describes-mothers-death-moderna-shot/> and <https://stevekirsch.substack.com/p/proof-covid-vaccines-cause-prion>.

9) **THE mRNA CARRIES UNKNOWN RISKS for altering the DNA and chromosomes.** What that will mean for future generations, only time will tell. It was previously believed that RNA moved in only one direction, in that the DNA delivers the code to the RNA, which in turn tells the cells what to do. We now know that this is outdated science, and it's actually a TWO-WAY street. *The RNA can also alter the DNA as well as the chromosomes. Playing G-d by altering the DNA of humanity is mind-boggling.* https://www.bionews.org.uk/page_147419 <https://en.protothema.gr/pfizer-mrna-vaccine-goes-into-liver-and-changes-into-dna-swedish-study-finds/>

10) **ANY CORONAVIRUS INJECTION CARRIES THE HIGH, LONG-TERM RISK OF ANTIBODY-DEPENDANT ENHANCEMENT (ADE),** which causes the immune system to overreact when faced with the virus it was immunized for, and **can lead to death.** This is a problem with certain specific viruses, coronaviruses among them, and vaccination for these viruses makes the body's subsequent response to the virus *worse, not better.* Animal trials for previous coronavirus injections never made it to market for this exact reason, because the animals in the trials died *in the long term.* (With the current injections, they *skipped most animal safety trials.*) **ADE is now being seen** in some vaccinated individuals and may be the cause of the **rash of unexplained sudden deaths among healthy people** which we are now witnessing. **Vaccinated young adults in the U.K., for example, now have a 92% higher death rate than unvaccinated.** See: <https://expose-news.com/2022/06/09/covid-vaccine-causing-sudden-adult-death-syndrome/> <https://tinyurl.com/ADENatureMicrobiology> and <https://www.thepostemail.com/2022/06/20/the-latest-tragedy-sudden-adult-death-syndrome/>
